

Minimum Advertised Price Policy

The GreenBroz, Inc. Minimum Advertised Price (MAP) policy applies to all GreenBroz, Inc. products and services and will remain in effect until cancelled or amended in writing by GreenBroz, Inc. This policy is in place to protect all of our distributors and their customers while maintaining GreenBroz, Inc.'s ability to develop, manufacture and deliver premium quality products. We encourage our distributors to market, advertise and promote their ability to offer GreenBroz, Inc. products and will continue to support these efforts.

GreenBroz, Inc., in its unilateral discretion, will not do business with any reseller, as to the products covered by this MAP Policy, if that reseller intentionally advertises any GreenBroz, Inc. product in violation of this MAP Policy. GreenBroz, Inc. is confident that this MAP Policy will strengthen the competitiveness of its product offerings and benefit all of its resellers.

Official MAP Policy and Guidelines:

1. The MAP for all GreenBroz, Inc. products shall be equal to the published minimum advertised price, as specified in the GreenBroz, Inc. price sheet. All MSRP and MAP pricing levels are established solely by GreenBroz, Inc. and may be adjusted by GreenBroz, Inc. at any time and at its sole discretion.
2. This MAP Policy applies to sales of MAP products made directly by distributors, and also to sales made by other individuals or entities who purchase MAP products from distributors for the purpose of resale. Greenbroz, Inc. expects distributors with a direct purchase relationship with Greenbroz, Inc. to communicate this MAP Policy to any downstream reseller receiving MAP products from distributor, and distributor will be responsible for adherence to this MAP Policy by any such downstream reseller.
3. The MAP Policy applies to all advertisements of GreenBroz, Inc. products in any and all media, including, but not limited to, flyers, posters, coupons, mailers, inserts, newspapers, magazines, catalogs, mail order catalogs, email newsletters, email solicitations, Internet or similar electronic media, television, radio, and public signage.
4. The inclusion in advertising of offers for free or discounted products (whether made by GreenBroz, Inc. or another manufacturer) with a product covered by the MAP Policy would be contrary to the policy if it has the effect of discounting the advertised price of the covered product below the MAP.
5. If pricing is displayed in any advertising, any strike-through or other alteration of the pricing to suggest that products covered by this MAP Policy are available for less than the MAP established by this policy is a violation of this policy.

6. The MAP Policy applies only to advertised prices and does not apply to the price at which the products are actually sold or offered for sale to an individual consumer within the distributor's retail location or over the telephone.
7. Internet auctions that have a reserved bid or other acceptable prices below the MAP price are not in compliance with this policy.
8. Pricing listed on an Internet site is considered an "advertised price" and must adhere to this MAP Policy. Once the pricing is associated with intent to purchase (added to shopping cart or order), the price becomes the selling price and is not bound by this MAP Policy. Statements such as "add to basket to see price", "we will match any price", "call for price" or phrases of similar import are acceptable as long as the price advertised or listed for the products is not less than the MAP. In addition, discounts applied at checkout to the entire order based on a customer's purchasing history with the Reseller, such as discounts for "frequent shoppers", do not violate this MAP Policy.
9. Compliance with GreenBroz, Inc.'s MAP Policy does not in any way limit the ability of any distributor to advertise that "they have the lowest prices" or, they "will meet or beat any competitors price", that consumers should "call for a price" or phrases of similar import as long as the price advertised or listed for the products is not less than MAP.
10. GreenBroz, Inc. may monitor advertised prices of MAP products, either directly or through the use of third a party. In addition, distributors may submit to GreenBroz, Inc. reports and or screen prints of advertised prices it discovers in the marketplace that it believes are not compliant with this MAP program. GreenBroz, Inc. may not acknowledge its receipt or respond to any information it receives and shall independently act in its own interest in determining what, if any action, it may take with respect to the information it receives.
11. Intentional failure to abide by this policy may result in termination of the distributor's ability to purchase GreenBroz, Inc. products at a less than retail price. GreenBroz, Inc. is not required to provide prior notice or issue warnings before taking any action under this policy.
12. GreenBroz, Inc. may modify, amend, terminate or otherwise alter this MAP policy at anytime and at its sole discretion, without notice.

This MAP policy has been established unilaterally by GreenBroz, Inc., through no agreement with any other party, to help ensure the reputation of GreenBroz, Inc. as the leading provider of high quality, high performance products and accessories and to support the marketing and sales efforts of all our distributors.
